VARIOUS Counties

MINUTE ORDER

Page 1 of 1

CORPUS CHRISTI and EL PASO Districts

The Texas Transportation Commission (commission) desires to award 226,754 Transportation Development Credits (TDC) to Corpus Christi Regional Transportation Authority and El Paso Metropolitan Planning Organization to be used as the local match for federally funded capital and operating projects as listed in Exhibit A.

Transportation Code, Chapter 455 assigns a broad spectrum of public transportation roles and missions to the Texas Department of Transportation.

Transportation Code, Chapter 456 authorizes the commission to administer funds appropriated for public transportation.

Title 43, Texas Administrative Code (TAC), §5.109 establishes a process by which TDC may be awarded at the discretion of the commission. The commission recognizes that state and federal law permits the substitution of TDC as the required non-federal match for projects.

In making this award, the commission has considered the potential of the projects to expand the availability of funding for public transportation projects and finds that the projects meet the established program goals set forth in 43 TAC §5.102 to support public transit.

IT IS THEREFORE ORDERED by the commission that the executive director or the director's designee is directed to proceed with the awards as described in Exhibit A, and enter into the necessary contracts in accordance with the priorities established in this minute order.
